On May 18th, the Episcopal Diocese of Philadelphia held a Holy Eucharist with the Rites of Christian Initiation at St. John's Church at Diocesan Center in Norristown.

Over the past few months, a group of parishioners had met after the 10:30 service to read the Bible and discuss in depth the Apostles Creed as well as the five Baptismal promises. We used a curriculum entitled I Will with God's Help to guide us as we gathered to prepare ourselves for either confirmation, reception into the Episcopal Church or reaffirmation of our faith. Seven of the group's members were available to participate last Saturday where all were supported by family and friends of the parish. Bishop Daniel Gutierrez presided over the meaningful bilingual service.

Another such service is scheduled for the end of September where those unable to attend this past Saturday can take part. Anyone wanting to learn more about any of the rites of initiation should contact the rector and/or Susan Karas.
